

<b>List of Disabilities</b>	
<b>Part of the Body effected</b>	<b>Disabilities</b>
<b>Brain and Nervous System</b>	Acquired brain injury, Alzheimer disease, Amyotrophic lateral sclerosis (ALS), Aphasia, Asperger syndrome, Attention deficit disorder (ADD), Autism/PDD, Bipolar disorders, Brain injury, Cerebral palsy, Charcot-Marie-Tooth disease/HNPP, Cognitive disability, Complex regional pain syndrome, Depression, Developmental disability, Down syndrome, Dystonia, Epilepsy/seizure disorder, Friedreich's ataxia, Guillain-Barré syndrome, Head injury, Huntington disease, Hydrocephalus, Intellectual disability, Learning disability, Manic depression, Mental health disability, Mental retardation, Migraines and chronic headaches, Multiple sclerosis, Myalgic encephalomyelitis, Myasthenia gravis, Myelin disease, Neurological disability, neurofibromatosis, Neuromuscular disability, Obsessive compulsive disorder, Parkinson's disease, Prader-Willi syndrome, Psychiatric disability, Reflex sympathetic dystrophy syndrome, Rett syndrome, Schizophrenia, Seizure disorder, Spasmodic dysphonia, Spina bifida and hydrocephalus, Stroke, Sturge-Weber syndrome, Tourette syndrome, Traumatic brain injury, Tuberous sclerosis, Williams syndrome, Sleep disorder, dysphasia, central respiratory, grade 2 Brain tumour, Leukaemia
<b>Sensory (Eyes and Ears)</b>	Acoustic neuroma, Blindness and low vision, Deaf blindness, Deafness and hearing loss, Glaucoma, Low vision, Meniere's disease, Retinitis pigmentosa, Tinnitus, Visual impairment, vestibular
<b>Musculoskeletal System</b>	Amputee, Ankylosing spondylitis, Arthritis, Back injury, Brittle bone disease, Charcot-Marie-Tooth disease/HNPP, Dwarfism, Ehlers-Danlos syndrome, Juvenile arthritis, Lymphovenous, Muscular dystrophy, Osteogenesis imperfecta, Osteoporosis, Polio and post Polio syndrome, Short stature, Spinal cord injury, loss of hand/eye coordination, paraplegia, quadriplegia, diplegia
<b>Respiratory System</b>	Asthma, Chronic obstructive pulmonary disease (COPD), Lung disease
<b>Heart and Circulatory System</b>	Heart disease
<b>Endocrine System</b>	Addison's disease, Diabetes, Juvenile Diabetes
<b>Immune System</b>	AIDS, Allergies, Hepatitis C, HIV/AIDS, Lupus, Sjogren's Syndrome
<b>Digestive System</b>	Cleft lip and palate, Colostomy, Crohn's disease and colitis, Environmental sensitivity, Ileostomy, Inflammatory bowel disease, Leprosy, Ostomy
<b>Blood and Circulatory System</b>	Aplastic anemia, Cooley's anemia, Hemophilia, Sickle cell anemia, Thalassemia major, lung disorder, high blood pressure, ischaemia, healing and non healing venous ulcer
<b>Reproductive System</b>	Turner syndrome
<b>Urinary System</b>	Kidney disease, life long dialysis, incontinence bladder
<b>Metabolic System</b>	Metabolic disorder, Mucopolysaccharidosis disease

<b>Skin</b>	Burns - Related disability, Sclerodermia
<b>Developmental</b>	Aicardi syndrome, Asperger syndrome, Attention deficit disorder (ADD), Autism/PDD, Developmental disability, Down syndrome, Dyslexia Fetal alcohol syndrome/effects, Hyperlexia, Prader-Willi syndrome, Rett syndrome, Williams syndrome
<b>Psychological and Behavioral</b>	Anxiety disorder, Depression, foetal alcohol syndrome, Hyperactivity, Mental health disability, Obsessive compulsive disorder, Psychiatric disability, Post-war syndrome, Schizophrenia
<b>Other/Multi-system</b>	AIDS, Chronic fatigue syndrome, Chronic pain, Communication disability Facial difference, Fibromyalgia, Laryngectomy, Multiple chemical sensitivity, Multiple sclerosis, Myelin disease, Occupational injury and disease, Reflex sympathetic dystrophy syndrome, Speech/ language disability, Stuttering, Systemic lupus erythematosus, Thalidomide-related disability, Tuberosus sclerosis, Ventilator user
